PROFILE SUMMARY

AI/ML graduate with practical experience in machine learning, data preprocessing, and predictive modeling. Proficient in Python, ML algorithms, and data analysis techniques, with project experience in forecasting and optimization. Seeking an entry-level role to apply analytical skills and build scalable AI solutions.

EDUCATION

- | | |
|--|---------------|
| • Sree Dattha Institute of Engineering and Science | 2021-2025 |
| B.Tech in Computer Science (AI&ML) | CGPA: 7.33/10 |

TECHNICAL SKILLS

- **Technologies:** NumPy, Pandas, Matplotlib, AIML(Basics) and Power Bi
- **Languages:** Python, Java, C
- **Web tool:** Git, GitHub, Vs code
- **Data base:** SQL, My SQL
- **Common skills:** Word, Excel, and Power point

PROJECTS

Video Script Writing Using Genai

Built a Streamlit AI tool using Google Gemini to automate video script creation for YouTube, Shorts, LinkedIn, and Podcasts with customizable tone and duration. Added multilingual support, multiple output formats, and a user-friendly UI with script history and export options.

Machine Learning Based Energy Consumption Forecasting In Smart Grids

Developed a machine learning-based energy consumption forecasting system for smart grids to improve accuracy and efficiency. Utilized temporal, environmental, and grid-related features to model complex consumption patterns. Applied regression and ensemble learning techniques to enhance forecasting performance, supporting optimized energy management and renewable energy integration.

INTERNSHIP

AI Engineer - Workcohol

As an AI Engineering Intern, I assisted in developing and testing machine learning models to support real-world applications. Gained hands-on experience in Python, data preprocessing, and model evaluation. Collaborated with senior engineers to implement AI algorithms and analyze datasets. Contributed to research, automation tasks, and performance optimization. Passionate about learning and applying AI techniques to solve practical problems...

CERTIFICATES

- | | |
|------------------------------------|---------------------|
| Artificial Intelligence Internship | March2025 - Jun2025 |
| Python completion certificate | |

SOFT SKILLS

Communication | Problem solving | Time management | Networking | Consistency | Adaptability.

Declaration

I here by declare that the above-mentioned details are correct to the best of my knowledge
